

PLEASE LET US KNOW...?

The town of Sudbury is looking into expanded transportation services. We will start small and build on our successes. Some options we are considering include: fixed route shuttles (for example, to and from train stations and/or employment locations); shuttles that can be reserved for trips to food pantries during the day and/or evening hours; shuttles that can be reserved for day/evening shopping trips, community suppers, library offerings, community center lectures/movies, etc. We are also examining a taxi service for short-notice trips to meet unexpected needs. **All services will be provided at very reasonable prices.** If you have questions, please call the Senior Center at 978 443 3055 and we will try to answer them.

WE NEED YOUR INPUT! Would you please answer all items that apply to you, and return the form to Julie as soon as possible? Please use the back to write any comments you want us to know. Thank you...

- **What transportation do you need or want?**
 - To/from my job (where? what times?) _____
 - Daytime shopping trips, errands (where? How often?) _____
 - Evening occasions, errands (where? How often?) _____
 - Other? _____
