Fix-It: home repairs and tasks

Do you need help with a small job around the house? Sometimes there are things you can no longer do, or should not be doing for safety reasons. The Fix It program was established so that you won't have to climb on chairs or step ladders, or try to move items that are too heavy or bulky for you.

Fix It volunteers can help you with tasks that are too small for a paid contractor. That includes minor repairs and tasks like changing storm windows.

If we find that the task isn't something we can do, we may be able to diagnose the problem and tell you whether you need an electrician, plumber, or other professional.

Our goal is to make your home safer and more comfortable for you.

Examples of tasks:

- ♦ fixing stuck windows
- ♦ changing light bulbs
- ♦ assembling items
- ♦ changing storm windows to screens and back
- ♦ hanging a picture
- ♦ disconnecting a garden hose from a spigot
- ♦ moving porch furniture
- ♦ fixing door hinges & knobs

*Please note that our volunteers are permitted to assist with **only outdoor repairs and those in the garage from November through March.**

Our volunteers are not allowed to climb high ladders.

If you have a job that you'd like help with, give us a call, even if it is not on this list!

How it works

If you need a minor home repair, please call the Sudbury Senior Center at **978-443-3055** and speak with the Coordinator of Volunteer Programs. They will assess if your need is appropriate for the program.

A volunteer will be assigned to the job, and will give you a call to arrange a visit. The service is free, although you will be asked to pay for any needed parts and supplies. **A liability waiver must be signed by the senior prior to any work being done.**

Fix-it History

The Fix It home repair for seniors program was begun in 1998. The purpose is to help Sudbury seniors with minor home repairs and maintenance so that they can continue to live independently and in safety.
